

## Contents of Volume XLVII

No. 1. JULY, 1924

<i>Twenty-sixth Annual Report of the Marine Biological Laboratory</i> .....	I
---	---

No. 2. AUGUST, 1924

PLATH, O. E. <i>Miscellaneous Biological Observations on Bumblebees</i> .....	65
HALL, F. G. <i>The Functions of the Swimbladder of Fishes</i>	79

No. 3. SEPTEMBER, 1924

PARKER, G. H. <i>The Growth of Marine Animals on Submerged Metals</i> .....	127
KRAFKA, JOSEPH, JR. <i>Development of the Compound Eye of <i>Drosophila melanogaster</i> and its Bar-Eyed Mutant</i> ..	143
WENRICH, D. H. <i>Studies on <i>Euglenomorpha hegneri</i> n. g., n. sp., a Euglenoid Flagellate found in Tadpoles</i> .....	149
GEISER, S. W. <i>Sex-Ratios and Spermatogenesis in the Topminnow, <i>Gambusia holbrooki</i> Erd</i> .....	175

No. 4. OCTOBER, 1924

NUZUM, M. F., AND RAND, H. W. <i>Can the Earthworm Pharynx Epithelium Produce Central Nervous Tissue?</i>	213
WOODBIDGE, HELEN. <i>Botryllus schlosseri (Pallas): The Behavior of the Larva with Special Reference to the Habitat</i> .....	223
COPELAND, M., AND WIEMAN, H. L. <i>The Chemical Sense and Feeding Behavior of <i>Nereis virens</i> Sars</i> .....	231
KEPNER, W. A., AND BARKER, J. F. <i>Nematocysts of <i>Microstoma</i></i> .....	239
BILLS, CHARLES E. <i>Some Effects of the Lower Alcohols on <i>Paramecium</i></i> .....	253

## No. 5. NOVEMBER, 1924

WHITE, GERTRUDE M. <i>Reactions of the Larvæ of the Shrimp, Palæmonetes vulgaris, and the Squid, Loligo pealii, to Monochromatic Light</i> .....	265
GLASER, OTTO. <i>Fertilization, Cortex, and Volume</i> .....	274
LOEB, LEO, AND BLANCHARD, K. C. <i>Vital Staining of Amœbocyte Tissue of Limulus</i> .....	284
BUDINGTON, ROBERT A. <i>The Manner of Copulation in a Turbellarian Worm, Planaria maculata</i> .....	298
SMITH, H. W., AND CLOWES, G. H. A. <i>The Influence of Hydrogen Ion Concentration on Unfertilized Arbacia, Asterias and Chætopterus Eggs</i> .....	304

## No. 6. DECEMBER, 1924

SMITH, H. W., AND CLOWES, G. H. A. <i>The Influence of Hydrogen Ion Concentration on the Development of Normally Fertilized Arbacia and Asterias Eggs</i> .....	323
SMITH, H. W., AND CLOWES, G. H. A. <i>The Influence of Hydrogen Ion Concentration on the Fertilization Process in Arbacia, Asterias and Chætopterus Eggs</i> .....	333
WILDER, INEZ A., AND PEABODY, E. B. <i>Hermaphroditism in Eurycea bislineata</i> .....	345
